

Applied Training Solutions, LLC

Providing Solutions by Leveraging Innovation and Technology

Applied Training Solutions, LLC provides low overhead and low-cost scalable technology, products, and services to increase effectiveness in training and operations, organizational resilience, and business continuity. ATS provides a number of services and expertise in a variety of areas including National Security, Modeling and Simulation, Program Support, Digital Solutions, and Training Development.

OUR MISSION

ATS is the leading provider of training, operational support, and technologies for national defense and emergency management organizations. ATS is a certified Service-Disabled Veteran-Owned Small Business offering technology and services to increase effectiveness in planning, training, and operations to Department of Defense, emergency management, intelligence, and private industries.

CERTIFICATIONS

- ✓ Certified SDVOSB
- ✓ CMMI Dev ML3 Appraised
- ✓ CMMC Level 2 Self-Certified
- ✓ ISO 9001:2015
- ✓ ISO 27001
- ✓ TS/SCI Facility Clearance

Modeling & Simulation

We deliver comprehensive Modeling and Simulation services encompassing live, virtual, and constructive elements, enabling dynamic and accurate representation of complex systems for strategic analysis and decision support.

Exercise Development & Facilitation

Our Exercise development and facilitation services provide tailored and immersive training experiences that enhance team dynamics and preparedness through scenario-based simulations. Table Top, Functional, Full Scale, and more.

Geospatial Intelligence & Analytics

Geospatial Design and Analytics services harnessing cutting-edge technology to visualize, analyze, and derive actionable insights from spatial data for informed decision-making, including fully integrated GIS within exercises.

Constructive Simulation

Our constructive simulation offers a powerful platform for simulating planning and exercise design, enabling detailed scenario creation and evaluation for comprehensive preparedness and strategic training.

Training Solutions

Our training services provide essential preparation across multiple industries like emergency management, aviation, flight and maintenance, weapons systems, and so much more. We leverage immersive simulations and practical exercises to ensure readiness.

Software Development

Our software development services include a full spectrum of solutions, from concept to deployment, leveraging cutting-edge technologies to drive innovation and meet diverse business needs.

Instructional Systems Design

Our instructional systems design services expertly craft and develop organizational training systems, aligning cutting-edge educational methodologies with specific learning objectives for optimal skill and knowledge enhancement.

Social Media Emulation

Our synthetic social media emulation services replicate and simulate intricate social media events, facilitating realistic scenario testing and strategic planning.

CONTRACT VEHICLES

- Risk Mitigation Modeling & Simulation (RMM&S)
- Enterprise Training Services Contract (ETSC) IDIQ
- Joint Enterprise-Contracted Logistic and Services Support II (JE-CLaSS II)
- SeaPort- Next Generation (SeaPort-NxG)
- USSOCOM SOF Core Support IDIQ (SCSS)

WHAT MAKES ATS DIFFERENT?

ATS has a global footprint and conducts training and support services in countries across the globe.

Our talented team includes a 70% Veteran workforce of subject matter experts across multiple industries.

As our clients evolve, so do we - continued development is critical to our support of clients.

Our 24/7 tech support is always on hand to provide assistance.

Our team is committed to collaborating with our clients to maximize success.

We leverage AI to take our media training and customer experience to the next level.

PAST PERFORMANCE

- GSA Mission Oriented Business Integration Services (GSA MOBIS)
- Army Modeling & Simulation Office (AMSO)
- U.S. Army North Defense Support to Civil Authorities Task Order
- ARNORTH Determined Response
- FEMA Radiological Emergency Preparedness Program
- 3rd-353rd Tiger Support Task Order
- DHS Small Business Innovations Research Program
- Afghanistan Special Security Forces Training Support
- U.S. Marine Corps Staff Training Program
- Mission Training Complex Capabilities Support II to U.S. Army III Corps
- Commander Navy Installations Command Training Delivery Branch
- Ohio Department of Transportation
- mPower
